The Muslim Community in Wiccopee, Fish kill, N. Y.

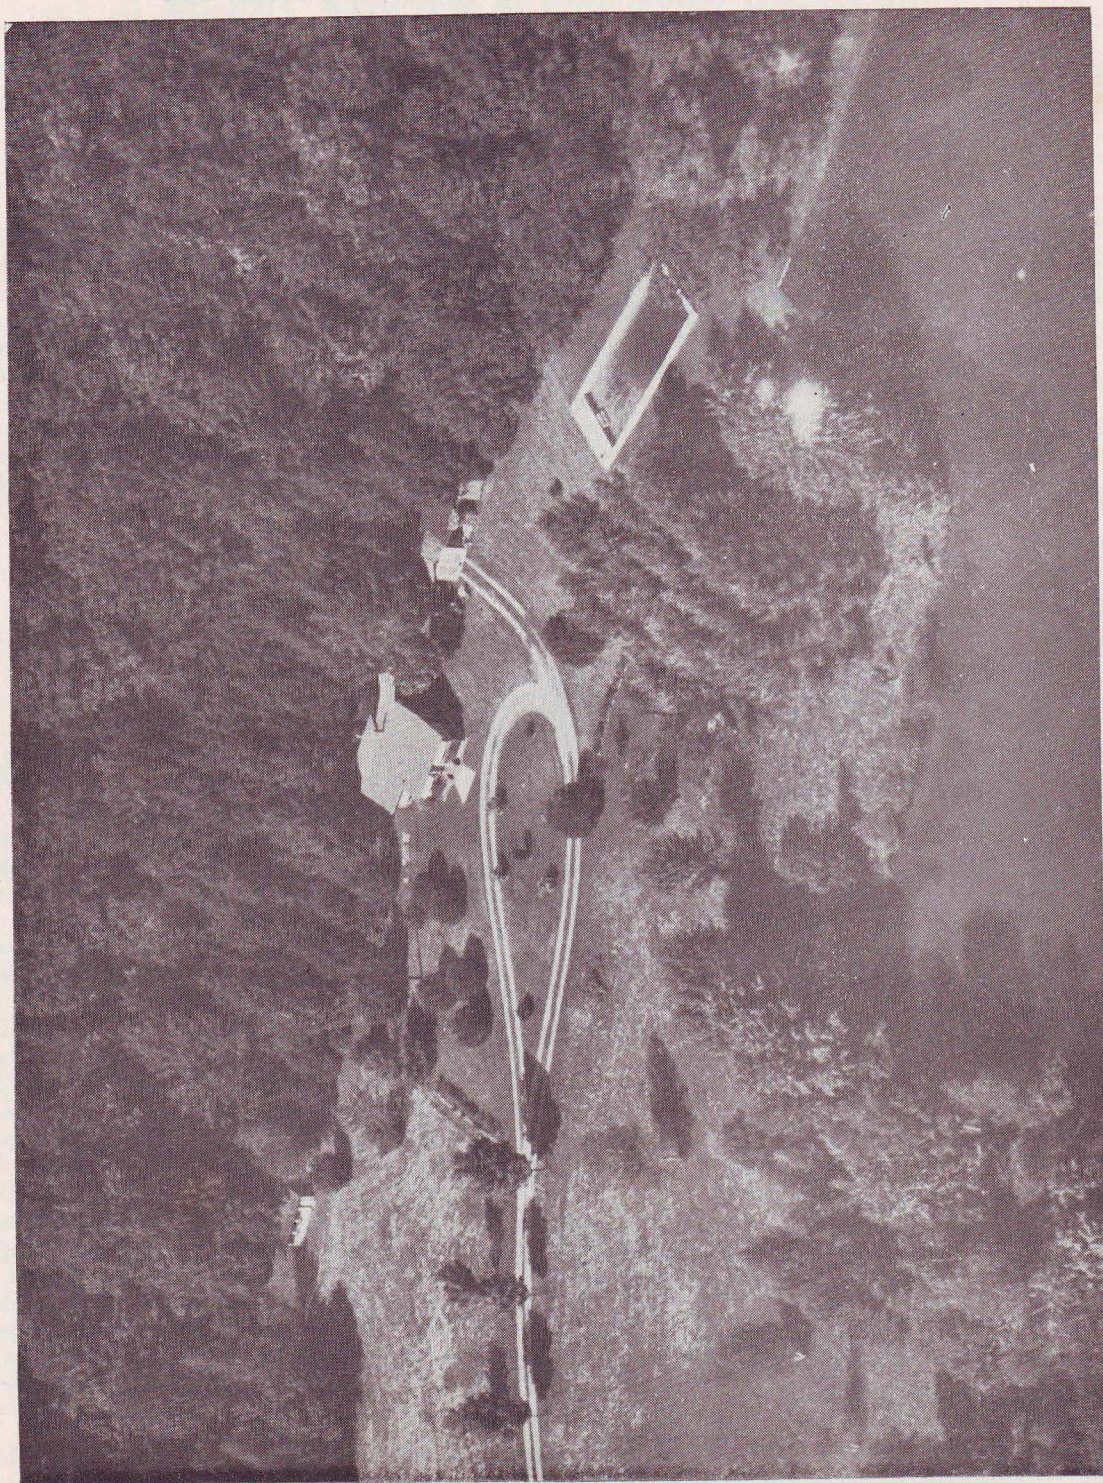

These pictures show the beginning of the construction of three of the fifty proposed bungalows being constructed in the Muslim community in "Madinat Assalam", Fishkill, New York by the Islamic Mission of America for summer resort purposes. The picture also shows the Rev Sheikh, Daoud Ahmed Faisal directing the work. With him are his wife Khadijah and some Muslim brothers from various countries.

This property, which is now being developed, was purchased by the Islamic Mission of America to be converted into a cooperative Religious Muslim community and an inter-denominational summer resort and children day camp, and as a refuge for unfortunate Muslim war refugees and other displaced persons, on a five year mortgage contract for the sum of \$58,000.00 and of which \$19,000.00 plus interest of 5% has already been paid from loan and donations made by Sheikh, Daoud Ahmed Faisal and his wife Sayeda Khadijah and from various Muslim societies and organizations, including a very generous gift made by his most gracious Majesty, King Saud of Saudi Arabia to Sheikh Daoud Ahmed Faisal, this sum of money was spent exclusively towards paying off the accumulated past due mortgage and interest on said property, for which we are most grateful, for it enabled us to receive a five year extended mortgage contract on the property. May Allah bestow His most choicest blessings upon His Majesty, Saud.
